WSET Diploma in Austria and Italy -

Cooperation between Weinakademie Österreich, Vinality and leading Italian wineries

Austrian Wine Academy, Vinality and leading Italian wineries such as Antinori, Gaja, Masi, Lungarotti or Lageder - all members of the Istituto Grandi Marchi - will continue their partnership in the field of wine education. They have joined forces to offer the WSET Diploma in Wines, an international wine qualification to take place in Austria and Italy that will commence in May 2024.

The Weinakademie Österreich, the largest educational institution for wine on the European continent, has been offering the WSET Diploma for more than 30 years. Supporting education is one of the cornerstones of the mission of the Italian partner wineries. They will support the Italian Diploma session to be held in Florence by organizing study trips to their wineries as part of the programme.

The specific format of the WSET Diploma International held in block seminars enables students from around the globe to enhance their Diploma study course with workshops, tastings and presentations with leading wine producers in Austria and Italy. A common vision is to offer the WSET Diploma programme, one of the recommended stepping stones for entrance to the Master of Wine programme, to international wine aficionados. A range of bursaries is available to Diploma students to help co-finance study costs.

Austrian Wine Academy and those leading wineries are closely linked to the world's most prestigious wine institution, the Institute of Masters of Wine. The Weinakademie Österreich campus in Rust has been the venue of the European Master of Wine (MW) seminar since 2004.

WSET Diploma in Wines - International 2024/25

The WSET Diploma in Wines is a globally recognized professional qualification in the international wine trade and a recommended preparation for entrance in the Masters of Wine (MW) study programme. The syllabus covers most wine countries of the world and the most important wines. This qualification offered by the British Wine and Spirit Education Trust

(WSET) is established in more than 20 countries from - London to New York, from Oslo to Tokyo.

This particular **WSET Diploma International** of Austrian Wine Academy is special in many respects. There will be an emphasis on the Austrian and Italian wine regions through study trips to different wine growing regions. It offers a unique opportunity for participants to combine learning about international wines with practical first-hand

experience in viticulture and winemaking. The programme takes place in the unique and picturesque environment of the Austrian Wine Academy's campus in Rust in the Burgenland wine region and in the heart of Tuscany in Florence.

Another difference to WSET Diploma courses in other countries is the fact that

the graduates of this course will be awarded the prestigious title "Weinakademiker". Upon completion of a thesis and a viva-voce exam, successful graduates are requested to sign a code of conduct and join the international Weinakademiker alumni association with more than 1000 members from 51 different countries.

The first course session in May 2024 will take place at Weinakademie Österreich campus in Rust. Rust is a small, world-famous wine town with a long history. Weinakademie Österreich is located in the romantic setting of the historic Seehof in the city-centre of Rust surrounded by renowned wineries. One full-day study trip to wine regions of Austria and evening events are part of this course session.

The course days of the second session in October 2024 will also be held at Weinakademie Campus in Rust. The course will be followed by an optional visit to the Palais Coburg in Vienna, home of one of the best wine cellars in the world. This course session is also surrounded by visiting programmes and tastings as well as the annual Weinakademiker graduation ceremony.

Finally, students will attend the third session in Florence in March/April 2025. Late afternoons and evenings will be open to students to explore Florence and Tuscan food and wine. Study trips will take students also to other Italian wine regions.

ALL study trips are included in the course fee.
